

**BOX**<sup>SM</sup>  
OPTIONS EXCHANGE

---

**Informational Circular**

**IC-2013-018**

---

**TO: BOX Options Participants**  
**FROM: BOX Market Operations Center**  
**SUBJECT: Complex Order Book Reminder**  
**DATE: June 5, 2013**

---

Following the successful launch of the **Complex Order Book**<sup>1</sup>, BOX Options Exchange would like to remind Participants interested in trading Complex Orders on BOX that they must update to the latest versions of the BOX SOLA<sup>®</sup> Services and re-certify their applications. The protocol versions for Complex Orders are:

- SAIL Protocol A6 (Specifications v2.0)
- FIX Specifications v3.7 or higher (Specifications v3.7)
- HSVF Protocol C4 (Specification v3.4)

Once updated and certified, Participants must coordinate with the BOX MOC to have their connections configured to support trading on Complex Orders.

As a reminder, all BOX Participants will need to update their applications to the latest versions of the BOX SOLA<sup>®</sup> Services by November 15, 2013. Please refer to Informational Circular [IC-2013-017](#) for more information.

### **Contact**

Please contact the Market Operations Center at (866) 768-8845 or by e-mail at [BOXMOC@boxexchange.com](mailto:BOXMOC@boxexchange.com) to schedule your re-certification session or should you require any additional information.
