

BOXX[®]
OPTIONS EXCHANGE

Informational Circular

IC-2015-08

TO: BOX Options Participants
FROM: BOX Market Operations Center
SUBJECT: Clearing Firm Access to Participant Designated Risk Settings
DATE: May 27, 2015

Beginning **Monday, June 15, 2015**, BOX Options Exchange will be allowed¹ to share BOX Participant-designated risk settings in the Exchange systems with the Clearing Firm that clears transactions on behalf of the Participant.

This will provide the Clearing Firms who have a financial interest in the risk settings of these Participants a better understanding of the risk tolerance of each Participant and greater flexibility over setting their own risk tolerance and exposure.

Clearing Firms interested in receiving a list of risk settings for their affiliated Participants must contact the Market Operations Center.

Contact

Please contact the Market Operations Center at (866) 768-8845 or by e-mail at BOXMOC@boxexchange.com should you require additional information.

¹ See SR-BOX-2015-20.
