TO: BOX Participants

FROM: Participant Connectivity Coordinator

SUBJECT: Option Symbology Initiative (OSI) Phase II Consolidation Test – January 30, 2010

DATE: January 27, 2010

This notice is related to BOX Technical Notices 09-004, 09-011, 09-013, 09-018, 09-021, and 10-001. It is intended for BOX Participants taking part in the Options Symbology Initiative Phase II Consolidation Test on January 30, 2010.

The Phase II Consolidation Test simulates the consolidation process, including subsequent trading and clearing using post-consolidated Symbology. Non-consolidated Symbology will also be provided to allow Participants to test with an environment simulating the February 26 to May 14, 2009 timeframe where some, but not all, symbols will be consolidated.

BOX will take part in the Phase II Consolidation Test with other member firms as communicated by the OCC. Please refer to the OCC website <http://www.optionsclearing.com/initiatives/symbology/osi-testing.jsp> for additional details.

1. Expectations for the Phase II Consolidation Test

BOX will not certify the results of the Phase II Consolidation Test.

2. Test Registration and Preparation

BOX requests that Participants inform the BOX Market Operations Center (MOC) via e-mail of planned Phase II Consolidation Test involvement at boxmoc@bostonoptions.com. BOX will also review the registration list provided from the OCC.

BOX strongly encourages all FIX and SAIL Participants, service vendors and data vendors to certify their systems for Symbology compliance. Certification is available through January 30, 2010. To certify with BOX, please contact the Market Operations Center at (866) 768-8845 or by e-mail at boxmoc@bostonoptions.com.
